RE: Site Inspection, Thomas American Stone, Building Stone Q Mine,
Act/003/002, Box Elder County, Utah

Inspection Date: July 26, 1991

Inspection Time: 1700 - 1800

Conditions: Fair

Participants: Wayne Hedberg, Tony Gallegos, DOGM

Attempts were made to reach the above mentioned site by driving through the town of Park Valley. Roads accessing the site were blocked by locked gates listing ownership as the Park Valley Hereford Association.

We were unable to reach the site, but could visually locate two sites. One site shows signs of recent activity and was believed to be the **Park Valley II**, under Preston Bown, S/003/009. Another site shown to be in the same vicinity is under the name of Glen Fuller, D/003/001. The American Stone site is listed as being inactive in the Division files.

A future inspection of this general area should be scheduled along with arrangements for access through the gates.
